## Tracing the path of your Green Industry Initiatives Legacy

ISGSD 2024 Awards offer industries a unique chance to present their accomplishments in implementing green initiatives, benefiting their industry and society.

Participation in the awards scheme provides professionals, organizations, and product/system developers with a platform to showcase their expertise and commitment to sustainable industrial development through green initiatives.

Industries and government institutions that have made remarkable strides in sustainable industrial development through green initiatives are encouraged to apply, adhering to the specified guidelines.

## CATEGORIES

Submit your green industry initiatives under the symposium sub-themes;

1. Resource-efficient and cleaner production
2. Energy efficiency in industry
3. Corporate social responsibility and responsible production
